

Mr12volt P600 Series

Audi

MMI 3G Basic/High

Model No: P600-P600AU3G

Package contents :

- Main Module
- Split Optical cable
- Power Lead
- Microphone

Programming & Qualifier

- No Coding required for Audi MMI 3G
- It works with or without CD changer
- The 6 Cd changer must be disabled and cannot be installed and used together with Mr12volt Bluetooth.

Installation

For video installation, you can find them directly on www.mr12volt.com

There are mainly 2 type of installations.

Type 1 : With a 6 CD changer fitted in the glove box.

- 1.** Remove the Optical CD changer connector in glove box and plug directly to Mr12volt bluetooth module instead, and by this Mr12volt will replace CD changer and simulate its function.
- 2.** Getting the Power source : Tap the red wire to a 12v consistent power, and black wire to ground.

Type 2 : W/O a 6 CD changer fitted in glove box.

- 1.** Remove any external optical device (preferably in glove box) and install Mr12volt using the split optical cable supplied in the package. Mr12volt will simulate cd changer function after installed.
- 2.** Getting the Power source : Tap the red wire to a 12v consistent power, and black wire to ground.

- **Important note:** Do not connect power to non-consistent type such as the cigarette lighter.

DIP Switch Settings

- The 4th dip switch is used to bypass P600 hands free and retain factory car hands free functions.

	DIP 4
Use Mr12volt Hands sfree	OFF
Bypass Mr12volt Hands sfree	ON

Pairing with the Bluetooth

Go to your phone's bluetooth and select "Car Kit".

When paring is done , make sure

- " media audio" is enabled in the Bluetooth setting.
- When streaming music on phone for the first time, make sure volume on the phone is turned on, as phone media volume are usually set default at 0 when first connected with bluetooth
